Residential and Commercial Magnetic HVAC Vent Covers

Commercial Line of HVAC 24" x 24" Diffuser Covers

1-Way Deflector Cover

Redirect airflow away from work stations to improve employee comfort. Choose from 1-way, 2-way, 3-way, 4-way and 45° deflector covers.

Allergen Relief Cover

Removes allergen and dust particles from room air. Helps employees breathe easier... Keep equipment, computers and working environment cleaner.

Solid Deflector Cover

Close off diffusers where airflow is not needed. Supply other areas with increased A/C or Forced Hot Air. Place over diffusers during HVAC duct cleaning to trap falling dirt and debris.

Elima-Draft®

Residential and Commercial Magnetic HVAC Vent Covers

Dust Deflector

Helps keep ceiling tiles clean around diffusers.

Reduce water damage to expensive office equipment. Diversion cover captures water and redirects it into a container. Includes 10 ft. of tubing and connector.
